Subject: **Closing procedure for applications under MSIPS-reg**

The Modified Special Incentive Package Scheme (M-SIPS) commenced on 27 July, 2012 and was closed to receive new applications on 31 December, 2018. The applications received upto 31 December, 2018 were taken up for further processing.

2. It has been observed that many applications were received with insufficient information/documents. The appraisal agencies have been contacting the applicants for providing the necessary documents and information, and some of the applicants are not responding despite repeated follow-up. This is holding up final approval/sanctions of many pending applications.

3. In addition, in certain cases where the applications have been approved, the applicants are not submitting disbursement claims to MeitY despite completion of the investment timelines.

4. In order to deal with these issues, the following procedure will be adopted regarding cases where disbursement claims / sanctions and applications are pending for appraisal (both recommended and follow-up applications):

A Disbursement claim submission: In cases where eligible investment timeline (as per MSIPS notification) has been completed, the following procedure will be followed:

- i. The applicant will be reminded twice to submit the disbursement claim within a period of 30 days in each instance.
- ii. If applicant does not submit the disbursement claim within 30 days from issuance of the second and final reminder letter, the application would be considered as closed.
- iii. Applicant has to submit the claim for all the investments which are capitalised. A maximum 9 months time (from end of financial year) may be given for those investments which are still to be capitalized.

B Procedure for closure of pending under appraisal / recommended initial and follow up application (including Mega Projects)

- i. The applicant will be reminded twice to submit the pending details within 30 days' time in each instance.
- ii. If applicant does not submit the pending information within 30 days from issuance of the second and final reminder letter, the application would be considered as closed.
- iii. If any applicant informs that they are not going to execute the project/phase of the project, the project/phase will be closed after receiving such information from the applicant.

This issues with approval of Secretary, MeitY.
