INUP i2i

Indian Nanoelectronics User Program - Idea to Innovate
A project of MeitY, Govt. of India

FABATHON

MISSION INNOVATION

REGISTRATION CLOSES ON SEPT 30, 2022

Piezoelectric MEMS is a multi-billion-dollar industry. It is projected to be a dominant player in the Internet of Things (IoT) sensors ecosystem!

Bring your ideas, we got the Piezo-MEMS process!

Best 30 designs get to pitch their ideas to experts

Submit a proposal with details asked on our website

Get the fab experience you need!

Top 3 winners will get the world class experience of fabrication and characterization at NNFC and MNCF, Indian Institute of Science.

Organizers :
Prof. Saurabh A Chandorkar
Prof. Akshay Naik
Prof. Prosenjit Sen
Prof. Sushobhan Avasthi
