## Through Speed Post

Mr. S. S. Ahluwalia, MP  
Union Minister of State  
Ministry of Electronics & Information Technology  
Electronics Niketan  
6, C. G. O. Complex, Lodi Road  
New Delhi 110 003

Dear 

**Sub. : Request for your blessings for starting Diploma Programme in Ignited Minds**

Responding to the clarion call of Prime Minister Mr. Narendra Modi for "Ek Bharat Shreshtha Bharat" (enclosed at Annexure-I) and based on our founding fathers Mahatma Gandhi's book "India of My Dreams" and Sardar Vallabhbhai Patel's vision for India, we have decided to establish a new institution "Aravali School of Ignited Minds" (ASIM) and launch under its aegis a unique "Diploma Programme in Ignited Minds". The conceptual framework for this programme will also derive extensively from Dr. A. P. J. Abdul Kalam's book "Ignited Minds" and selected similar books written by the great men and women of India over its history. The primary objective of this programme is to create and develop better citizens and better human beings for the gigantic task of our nation-building in line with the call of our Prime Minister, vision of our founding fathers and the dreams of all of us.

Our major credentials for conducting the above programme are following :

01. We have around 1000 distinguished persons and experts including alumni and faculty of IITs & IIMs, entrepreneurs, organizational founders, CEOs and saints from all over India and abroad associated with us as visiting faculty. We also have 24 core/regular faculty members. Their details can be provided whenever desired.
02. Around 600 eminent persons from the leading organizations from all over India and abroad have visited our Aravali Institute of Management. The visitors included His Holiness Dalai Lama, Param Vir Chakra Hony Capt. Bana Singh Dr. I. G. Patel, Dr. Abid Hussain, Dr. C. Rangarajan, Mr. J. M. Lyngdoh, Mr. T. S. Krishna Murthy, Dr. Anil Kakodkar, and Directors of IITs & IIMs.
03. We have the **Board of Mentors & Patrons** consisting of leading citizens of India (details at Annexure-II).
04. We have the Local Advisory Council consisting of leading people from Jodhpur, National Advisory Council with eminent people from all over India and International Advisory Council having experts from abroad to advise, guide and help in various matters.
05. We have around 100 acres unique campus "Aravali Gurukul Ashram" which has been developed by transformation of extremely saline arid wasteland into green campus. This has been appreciated by a large number of people from all over India and abroad, the details of which can be found on [google.com](http://google.com). The infrastructure and facilities already developed for conducting the above programme are portrayed in enclosed Annexure-IV.

Since the above address is located in the rural area, it is not serviced by private couriers. Therefore, all communications may kindly be sent by using only the ordinary post, registered post, speed post, etc. of the government postal department. Thanks

06. During the last around two decades, we have organized and conducted over 300 societal benefit programmes for school children, college/university students, women, villagers, orphans and specially-abled people benefitting over 25,000 persons.
07. We have synergistic collaborations and partnerships with around 60 leading organizations from all over India and abroad.
08. We have a number of scholarships and financial aid schemes available to help poor students to study, with the perspective that anyone and everyone who wishes to study will have the sure opportunity to do so irrespective of his/her means.
09. In our Aravali Institute of Management (AIM) we have transformed the lives of around 700 students and their families who were primarily from the disadvantaged, downtrodden and rural areas. Many of these students could not speak English, did not know how to boot the computer and were not able to get a salary of even Rs. 5000 per month. However, when they passed out from AIM (with 100% placement track-record), they were recruited by the leading organizations from all over India and abroad including top multinationals with salary upto Rs. 2 lakhs per month. The testimonials of these students and their families can be provided whenever desired.
10. A high powered committee under the chairmanship of Padma Shri Prof. Pritam Singh (Former Director, IIM Lucknow) had, after carrying out detailed analysis of our Aravali Institute of Management (AIM), termed it as a role model institution for the country. AIM has also been ranked 1<sup>st</sup> in Rajasthan and amongst top 50 in India by Outlook magazine, rated "A" by Business India magazine and rated "A++" by Financial Express newspaper.

Salient features of the above proposed **Diploma Programme in Ignited Minds** are planned to be as under :

- The courses & curricula will be as per enclosed Annexure-III.
- The learning structure and pedagogy will extensively use the case studies, live projects, internships, experts' lectures, workshops, educational excursions, games, role plays, social work, interactions with the role models, etc.
- The classes will be in **Gurukul Ashram-mode** held in the classrooms, in organizational offices, under the trees, on the banks of lakes and in the villages.
- There has been heavy demand for our students by a large number of organizations all over India and abroad. Therefore, the students will have a job offer or entrepreneurship proposal along with the admissions letter. This will be a unique feature of this programme.
- The admissions will be open to all those interested irrespective of prior qualification, with preference for those from disadvantaged, downtrodden and rural population. However, the duration of the programme, which may vary from one to three years, for each student will be based on his/her prior qualification and work experience.

The above unique educational programme does not come under the jurisdiction of any regulatory authority. We sincerely request and humbly urge your gracious blessings for it.

Grateful thanks and best regards,

VARUN ARYA  
FOUNDER & DIRECTOR
