Dated: 31st July, 2015

Sub: Corrigendum to RFP for selection of PMU for CB-II, SCSP&TSP and NE projects based on queries received and pre-bid conference

In continuation to the pre-bid meeting held on 21st Jul, 2015 and the corrigendum issued on 23rd Jul, 2015, several requests were received from various bidders for extension of bid submission timeline along with few minimum features of the monitoring tool.

Accordingly, NeGD has come up with few minimum requirements of the monitoring tool (placed at annexure – "A") and has also extended the timeline for bid submission (placed at annexure – "B").

Hence, the Addendum becomes part of the RFP for final interpretations. Further, the points listed in this corrigendum will supersede the corresponding clauses in RFP and earlier corrigendum.

The evaluation will be done as per the clauses / details mentioned in RFP read with the Addendums.

(Caralyn K Deshmukh)
Dir(CB), NeGD

Minimum indicative features of the monitoring tool:
These features are indicative and more features may be added, as required.

i) Training management
   a) Training Agencies
      1) Registration (for all the stakeholders including NeGD, PMU, participants, NISG, ATIs, CTIs, training partners, content partners etc)
